Frank Speech -- Updates on the Smartmatic Lawsuit and

The Cast Vote Records.

```
 1        MR. LINDELL:  The next case we have, everybody,

 2   I'm going to get into, that I personally have, is a

 3   company called Smartmatic.  Okay.  Let me tell you

 4   about Smartmatic.  They have one county in the United

 5   States; it's out in California, L.A. County.

 6   Smartmatic sued me, I don't know, '21.  Sometime, long

 7   after Dominion.  Kind of, out of the blue, they sued

 8   me.  I did sue them first, everybody remembers that.

 9        I sued them after they sued Fox News on February

10   4th of '21.  I sued Smartmatic first.  They didn't sue

11   me first.  I went after them because they did law fair

12   to our country and changed our livelihoods forever.  I

13   couldn't go on these other stations anymore and talk

14   about machines or talk about our elections because of

15   law fair, which hadn't been done in our country since

16   the 1700s.

17        Now, Smartmatic, we've been in a little back and

18   forth with them.  I've been giving them discovery, but

19   you know what they've been giving Mike?  Zero.

20        MR. HOWSE:  Now, how is that?

21        MR. LINDELL:  Yeah.  Zero.

22        MR. HOWSE:  How is that?

23        MR. LINDELL:  So you know, it's not right,

24   Brannon.  So you know what my lawyers are filing
```

1 tomorrow morning?

2   MR. HOWSE: What?

3   MR. LINDELL: And I got to get this right. It's a

4 deficiency letter, everybody. It's a deficiency

5 letter. Now, it, what is that? Well, I asked them

6 and, basically, it's something you bring to the judge

7 and say, hey, these guys aren't giving anything, you

8 know? Come on. You know, it's just like I said,

9 they're going to try to run out the clock, which they

10 did past 2022.

11   But I'm telling you, everybody, when these things

12 went all the way to the end, they're just trying to run

13 people out of money with lawyers and stuff, and then in

14 the end, they're going to say, of course, you didn't

15 defame these machines. These guys work for the

16 government. They are the government. The machine

17 companies are running your election. That's just point

18 A. It's disgusting.

19   MR. HOWSE: Is this the case?

20   MR. LINDELL: So the deficiency letter --

21   MR. HOWSE: Is this the case --

22   MR. LINDELL: What?

23   MR. HOWSE: -- right here? Is this the case right

24 here? Is that the case?

1   MR. LINDELL: No, that -- pull that one up. Let's

2 see what we got on this one. Smartmatic protection

3 order, government protection order, exchange for --

4 yeah, that's one. But that one, that's the one we're

5 filing the deficiency order in.

6   By the way, everybody, on Smartmatic there, on

7 this case, everybody -- you don't have to show any more

8 there. That just proves stuff there. I want to tell

9 the public. And let me tell you about Smartmatic,

10 everybody. I want to thank you all out there, all of

11 you, for getting the cast vote records for the 2020

12 election, the 2022 election, the mid-term elections.

13 Everybody, keep doing your FOIA request. God bless

14 each and every one of you because you know what? I'm

15 going to explain how that's helped me right now; what

16 you did.

17   And one of them is the ones that went into L.A.

18 County and got the FOIA request from there, the cast

19 vote records. Because here's why, Brannon; in the 2020

20 election, do you think L.A. County was computer

21 manipulated or not?

22   MR. HOWSE: Oh, yeah, I'm sure it was.

23   MR. LINDELL: Would you bet everything you had on

24 it?

1   MR. HOWSE: Pretty much. Yep.

2   MR. LINDELL: Then, you're like most people. Of

3   course, it was. And now, we have the proof. Do you

4   know what it matches? It's really funny. You know, we

5   actually have up here, on Frank Speech, we have the

6   algorithm that came out of the Mesa County machine,

7   which we actually have on Frank's Speech here; we have

8   the evidence. The actual before and after image, like

9   two sets of books. Those same algorithms of

10 Smartmatic.

11   Now, think about this. This is Smartmatic and

12 Dominion. One's a Dominion machine; one's a

13 Smartmatic. By the way, ES&S, we got more on you than

14 the other two put together, by the way. It's pouring

15 in. Just want to throw that out there, so the ES&S

16 boys down in Omaha don't feel left out. Okay. And we

17 got your number too, Hart (ph.) machines. Okay.

18   So anyway, so here's how. With Smartmatic, now,

19 but with those cast vote records, everybody, that's

20 going to go a long way to get rid of the Smartmatic law

21 suit and, you know, because they can't deny this, the

22 cast vote records. This isn't even the Dennis

23 Montgomery evidence, which we're going to talk about in

24 a minute, everybody. This is the cast vote records.

 1 This is what these machines say happened in your

 2 county.

 3   This isn't Mike Lindell. This isn't some

 4 cyberspace thing. This is what the machines are

 5 putting out. In order, your cast vote records,

 6 Brannon, do you think some of these states have tried to

 7 shut down giving out the cast vote records? Some of

 8 these counties?

 9   MR. HOWSE: Absolutely.

10   MR. LINDELL: Absolutely, they have. And before

11 all this, everybody, it was the Freedom of Information

12 Act. You had the right to each and every one of them.

13 And now, it's, a lot of these places are trying to hide

14 it from you again. Stop you from getting it. But all

15 of you have responded and you don't give up out there.

16 Keep getting those cast vote records. I'm going to

17 tell you why, what the other great success is in a
18 minute.

19   (Audio concluded.)
